

## ADAC Autokosten Herbst/Winter 2017/2018

### Kostenübersicht für über 1.900 aktuelle Neuwagen-Modelle

Mal ganz ehrlich: Wissen Sie, wie viel Sie für Ihr Auto im Monat ausgeben oder was Sie jeder gefahrene Kilometer eigentlich kostet? Unser aktueller Kostenvergleich hilft Ihnen, aus der Vielfalt der angebotenen Modelle die kostengünstigsten herauszufinden. Zu diesem Zweck berechnet der ADAC regelmäßig die monatlichen Kosten für fast jedes in Deutschland lieferbare Neuwagenmodell.

Bei diesen **durchschnittlichen** Berechnungen gehen wir davon aus, dass das neue Auto **fünf** Jahre gefahren wird und in dieser Zeit **75.000** Kilometer zurücklegt, was einer jährlichen Laufleistung von 15.000 Kilometern entspricht.

Auf den nachfolgenden Seiten finden Sie eine Auswahl von mehr als **1.800 Basismodellen** (über **alle** Hersteller). Der ADAC Autokatalog unter [www.adac.de/autokatalog](http://www.adac.de/autokatalog) enthält sogar die Kostangaben von **über 9.000** aktuellen Modellen, die mit dem darin integrierten Kostenrechner individuell über verschiedene Halte- sowie Laufleistungen berechnet werden können.

Aus welchen Elementen setzen sich nun aber die Autokosten zusammen?

#### Wertverlust

Der größte Posten der monatlichen Autokosten ist der Wertverlust, den Ihr neues Auto schon vom ersten Tag an erleidet. Falls Sie nach fünf Jahren ohne teure Fremdfinanzierung einen gleichwertigen Neuwagen kaufen wollen, geht dies nur, wenn Sie den monatlichen Wertverlust durch gleich hohe Rücklagen ausgleichen. Mit dem Erlös für Ihr altes Fahrzeug haben Sie so nach fünf Jahren das nötige Kapital fürs neue Auto zusammen. Finanzieren Sie beispielsweise den Kauf des Fahrzeuges mittels Kredit oder greifen Ihr Sparguthaben deswegen an, sollten Sie auch die Zinsen hierfür, die übrigens in unseren Standardberechnungen nicht berücksichtigt sind, in Ihre Kalkulation mit einbeziehen.

Die Wertverlustangaben werden aus den Gebrauchtwagenwertnotierungen der Deutschen Automobil Treuhand (DAT) abgeleitet. Dabei achten wir zusätzlich auf preismindernde Modellwechsel, die evtl. im Berechnungszeitraum stattfinden werden. Der Basispreis für die Ermittlung des Restwertes ist die unverbindliche Preisempfehlung ab Werk, auf die eine vom ADAC ermittelte Ausstattungspauschale aufgeschlagen wird, welche sich aus klassenüblichen Komfort- und Sicherheits-Extras wie z.B. Klimaanlage, Metallic-Lackierung, Fahrdynamikregelung u.v.m. zusammensetzt. Kurzum also Extras, welche zum einen den Gebrauchtwagenpreis positiv beeinflussen können, und zum anderen den späteren Verkauf erleichtern. Die Kosten für Überführung und Zulassung haben wir pauschal mit 500 Euro angesetzt.

## Betriebskosten

Hier sind die Kosten zusammengefasst, die das Auto im Fahrbetrieb verursacht:

- Kraftstoffkosten, ermittelt aus dem Kraftstoffverbrauch nach dem EU-Fahrzyklus sowie den zum Zeitpunkt der Erstellung aktuellen, **durchschnittlichen** Kraftstoffpreisen<sup>oo</sup> je Liter; Normal-/Superbenzin 1,33 Euro, SuperPlus 1,40 Euro, Diesel 1,15 Euro, Bio-Ethanol 1,10 Euro, Autogas (LPG) 0,65 Euro, Erdgas (CNG) 1,05 Euro/kg und Strom 0,30 kW/h.
- Nachfüllkosten für Motoröl und AdBlue<sup>®</sup> (Diesel mit SCR-Kat)
- Eine Pauschale von 250 Euro für Wagenwäsche und Pflege pro Jahr.

<sup>oo</sup> Kraftstoffpreise können innerhalb Deutschland regional stark abweichen!

## Fixkosten

Hier handelt es sich um Ausgaben, die regelmäßig anfallen – gleichgültig, ob das Auto steht oder gefahren wird. Für unsere Berechnungen legen wir zu Grunde:

- Haftpflichtversicherung mit unbegrenzter Deckungssumme, Beitragssatz 50%, Regionalklasse R6 sowie die jeweilige Typklassen-Einstufung.
- Vollkaskoversicherung mit 500 Euro Selbstbeteiligung, Beitragssatz 50%, Regionalklasse R4 sowie die jeweilige Typklassen-Einstufung, inkl. Teilkasko mit 150 Euro Selbstbeteiligung. Es werden die Normaltarife auf Basis der ADAC Autoversicherung ohne Zusatzrabatte wie z.B. Garage oder Wenigfahrer sowie Mitgliederrabatte bei jährlicher Zahlungsweise, sowie durchschnittlichen Regionalklassen angesetzt.
- Kfz-Steuer (etwaige Steuerbefreiungen z.B. für E-Fahrzeuge sind berücksichtigt)
- Eine Pauschale von jährlich 200 Euro z.B. für Parkgebühren, Landkarten, Haupt- und Abgasuntersuchung, Kleinzubehör usw.

Haben Sie eine Garage oder einen Stellplatz, sollten Sie auch eine eventuell hierfür anfallende Miete anteilig auf die monatlichen Fixkosten aufschlagen.

## Werkstatt-/Reifenkosten

Der vierte und letzte Punkt sind die in fünf Jahren voraussichtlich anfallenden Werkstatt- und Reifenkosten, für deren Berechnung wir die Daten nahezu jedes Grundmodells beim Hersteller erfragen. Dabei können die Kosten für evtl. weitere Karosserie- oder Ausstattungsvarianten innerhalb einer Baureihe geringfügig abweichen. Die Posten im Einzelnen:

- Ölwechsel und Inspektionen: Unterschiedliche Wartungsintervalle und -umfänge gemäß Herstellerangaben sowie Material- und Arbeitskosten sind berücksichtigt.
- Typische Verschleißreparaturen, die nach Erfahrungen des ADAC besonders häufig anfallen, z.B. Auspuff oder Bremsen. An eine neue Batterie oder Kleinteile wie z.B. Glühlampen haben wir bei der Berechnung auch gedacht. Ebenso werden die erforderlichen Kosten für Reifenersatz auf Basis vom ADAC ermittelter Reifenlaufleistungen (Erfahrungswerte) sowie durchschnittlicher Reifenpreise der jeweiligen Seriengrößen berücksichtigt.
- Zusätzliche, vom ADAC festgelegte Reparaturkostenpauschale, gestaffelt nach Fahrzeugklassen, ab einer Haltedauer von über drei Jahren **oder** einer Gesamtlaufleistung ab 80.000 km.

Zur Berechnung der Werkstattkosten legen wir die durchschnittlichen Werkstattstundensätze der jeweiligen Hersteller nach Angaben des Zentralverbandes Deutsches Kfz-Gewerbe e.V. sowie Erhebungen des ADAC, inkl. ges. MwSt. zugrunde. Diese ersehen Sie in unserer Tabelle neben der jeweiligen Markenbezeichnung.

Also: Wollen Sie lieber Melkkuh oder Cleverle sein? Sie haben die Wahl.

---

## Modelle in der Tabelle:

In unserer Übersicht sind nahezu sämtliche in Deutschland **aktuell** lieferbare und gängige Neuwagenmodelle in möglichst allen Motorvarianten sowie meist in der **preisgünstigsten** Karosserie- und Ausstattungsversion enthalten. Ist Ihr Wunschmodell darin nicht zu finden? In unserem **Autokatalog** unter [www.adac.de/autokatalog](http://www.adac.de/autokatalog) finden Sie die Standard-Kostenangaben von **mehr als 9.000** aktuellen Modellen. Im darin integrierten **Rechner** lassen sich zudem die Kosten über beliebig auswählbare Haltedauern und Laufleistungen **individuell** berechnen.
